

It's easy to do business with Kiefer Consulting.

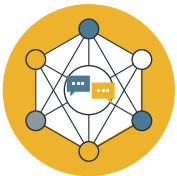

Kiefer Consulting has a long history of successful project delivery. Kiefer is authorized to do business with the **State of California** and has the required contracts and certifications.

Kiefer has contracts in place that enable state agencies and departments to conveniently acquire services and products from Kiefer Consulting. We make it easy to work with our team.

Kiefer has strong partnerships with Microsoft, Nintex, AvePoint, and DocuSign. We have a California Multiple Award Schedule (**CMAS**) contract to provide these solutions to the State of California.

We are eager to competitively bid on opportunities to provide applicable services and software solutions to the State.

The services we offer

Modern Workplace

Our Modern Workplace consulting practice develops and deploys innovative solutions that improve how organizations communicate and share information both internally and externally.

Data Analytics and Visualization

Our Data Analytics and Visualization consulting practice builds sophisticated, yet practical tools that allow organizations to better interact with their data and enables the extraction of meaningful insights.

Data Migration and Cloud Services

The Data Migration and Cloud Services consulting practice has expertise in helping organizations move data to the cloud as well as determining what applications could benefit from cloud-hosting.

Construction Management Solutions

With deep-expertise in program and project control, the Construction Management Solutions consulting practice helps organizations improve the management of information with feature-rich reporting capabilities.

Celebrating over 30 years of client delivery success

Since 1988, Kiefer Consulting has been recognized for our proven approach to helping clients solve business challenges, improve efficiencies, and deploy technology to drive digital business process transformation.

Kiefer is a Microsoft Managed Partner

Gold Application Development
Gold Collaboration and Content
Gold Datacenter
Gold Cloud Productivity

Managed Partner designations are reserved for a small number of elite partners that demonstrate a track record of successful implementations, proven expertise in Microsoft platforms, and a minimum number of employees who have earned certifications in their areas of competency.
